

CreativeSiteAssessment.com

Take the Guesswork Out of Product Development

Creative Site Assessment is an innovative, online assessment tool that independently rates business sites for economic development. Use the assessment tool to compare sites in your community, determine which site has the best development opportunity, and support strategic investments in infrastructure, due diligence, site certification, marketing, and site preparation.

Assessment

The tool provides an independent assessment based on utilities, transportation, and site characteristics.

Priority Site

Compare sites in your community to find your priority site.

Score

Sites are given a score, 1-100, based on development potential.

Quick

Complete an assessment in just a few minutes.

Share

Share the results. The report is a one page PDF immediately available to download and share.

Value

\$199 for one site assessment, \$999 for a one-year subscription.
